

## 7150 Series Shock Absorber

7150 Series Shown

### Product:

The 7150 Series gas shock is the latest short track offering from Penske Racing Shocks. There are two options available for the base edition. There is the non-adjustable option (a fixed-bleed jet available in 7.0" or 9.0" lengths) and the standard option (extended eyelets available in 1.0" or 2.0"). A coil-over kit adaptable is available along with the standard schrader valve or externally sealed gas valve. The 7150 is a high-performance alternative to other steel shocks on the market.

### Package Details:

#### Features:

- Steel Components  
*"Meets racing sanctions material requirements"*
