#### **Benefits:**

- Eliminates the gas pressure feel entirely
- Grip
- Consistency on long runs
- Better tire wear
- Unmatched driver feel
- Eliminates any displaced fluid  
"the need for a separate head valve or nitrogen chamber is no longer needed."
- Reduces running friction and improves consistency by eliminating the effect of rising gas pressure commonly associated with gas shocks.

### **Get that Winning Edge**

As the world leader in suspension technology, we have won numerous races and championships in F1, ALMS, Indy Car, GARRS, and NASCAR.

Our shocks are hand-built, tailored to your driving preferences or car setup, and dyno tested to ensure the highest attention is paid to detail, consistency, and performance.
