*All Pro Packages feature dual-bleed independent compression and rebound bleed adjustment shafts.*

The inverted MacPherson style strut combined with a custom rear shock absorber is a proven race and street package that will add to the performance of your Porsche. Tested by both professional and advanced Porsche Club of America drivers, the Pro Package yielded quicker lap times just from simply bolting them onto the car.

### **Get that Winning Edge**

As the world leader in suspension technology, we have won numerous races and championships in F1, ALMS, Indy Car, GARRS, and NASCAR.

Our shocks are hand-built, tailored to your driving preferences or car setup, and dyno tested to ensure the highest attention is paid to detail, consistency, and performance.
