

## **PS-6020-DA Series**

6020DA Diagnostics Chart Shown

### **Product:**

This is the second generation double adjustable shaft option. Originating from our High Speed Rebound shaft, the new 6020-DA utilizes a cage for high speed rebound adjustment along with an internal needle and jet bypass for bleed adjustment. New in this second generation is the ability to flip the poppet in the jet, this allows you to run either rebound, compression, or straight bleed.

### **Package Details:**

#### **Features:**

- Two Way Adjustable Shaft
- Penske 5/8" shaft diameter
- Hard Chrome low friction shaft
- Consistent Adjustment Range

#### **Options:**

- Various lengths from 5"-9" stroke
