

Expertise without boundaries.

The number of outpatient care facilities and the procedures performed there are growing. More procedures and more patients mean new ways to connect, consult, and collaborate are needed. Avail brings together a network of providers and industry professionals to do just that.

Procedural Volumes. Avail aids in adoption of new technology into your workflow, allowing real-time access to physician experts and industry partners. Utilize Avail for patient outreach and therapy awareness efforts driving more volume to the practice. Provide tangible proof of facility capabilities by inviting referring physicians and industry partners to view procedures.

Operational Efficiency. Avail may aid in the facilitation of onboarding and integration of new systems, procedures, and technologies. Get expertise when needed while minimizing physical footprint and keeping travel costs down.

Facility Expansion. Use Avail to help bring in new products, staff, and patients to the facility. Adopt new technology, expand surgical disciplines, and grow staff capabilities. Scale and grow business through efficient promotion of surgical capabilities. Avail allows broadcasting of cases to preferred specialties in specific markets to recruit new partners and patients.

Physician Recruitment. Draw talent by demonstrating facility capabilities. New physicians can collaborate with experts in real time to understand policies and procedures, on a quick path to procedural productivity.

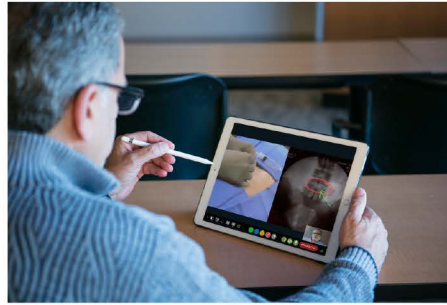

Avail gets you connected.

Expertise without Boundaries

Providing the best possible outpatient care requires learning and sharing across geographic boundaries. Avail gets you connected to anywhere.

Put the Network to Work

Never be alone in the procedure room again. With Avail you can reach out to physicians and industry professionals at a moments notice.

Educate and Collaborate

Broadcast procedures around the world while sharing your expertise. Expedite adoption of new techniques and technologies.

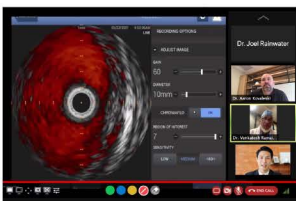

Differentiate your facility

Become a Center of Excellence, sharing your expertise within your organization and even to outside institutions and audiences. Put a megaphone on your practice.

Reduce footprint

Receive on-demand presence of industry professionals, virtually, when you need them. With Avail, you aren't alone no matter how few people are in the room.

Enhance your partnerships

Avail provides more options for training, innovation, and marketing with your technology partners. Stay connected when you can't be in the same location.

Situational Case Support™

Have your reps there when they can't be there. We know two days are not created equal. In instances where challenges arise and attendance is impossible, Avail is there to make presence possible.

SaaS-Based membership

Access our fast-growing network of expertise. There is no upfront capital investment. You pay as you go, enjoying a lifetime support and care.

Industry leading support

Avail handles everything with industry trained professionals. Unboxing, setup, training, and even initial case support come at no additional cost.

AvailThere™ has you covered.
