F9470 vs. F9470H.... What's the Difference?

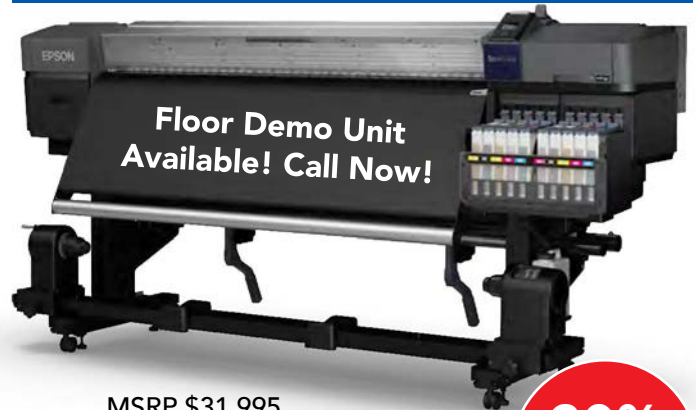

- Both models offer EPSON UltraChrome DS Inks
- Achieves wider color gamut than other dye sublimation inks on the market!
- Both models offer a 2 head dual CMYK ink configuration
- Achieving print speed of over 1,000sq. ft. hr. of transfer print output!
- F9470H Series offers additional fluorescent pink & yellow
- Fluorescent inks add to the offerings of custom sports apparel and more!
