

CANCER REGISTRY SOLUTIONS

100% U.S. Based Cancer Registry Solutions

Cancer registries today are challenged with meeting reporting deadlines and short supply of Certified Tumor Registrars (CTRs).

Our Cancer Registry services help you collect, organize, and manage the data necessary to meet all reporting requirements and improve the quality of cancer care.

MRA's team of CTRs can play a vital role in the efficient documentation and management of your cancer program.

Our registrars have a working knowledge of reporting standards for:

- ✓ Commission on Cancer (CoC)
- ✓ State Reporting Facilities
- ✓ North American Association for Central Cancer Registries (NAACCR)
- ✓ Central Registries and SEER
- ✓ National Accreditation Program for Breast Centers (NAPBC)
