

SOFTWARE TRAINING

Increase productivity and make the most out of your software by following a sophisticated BIM One training program! BIM One is the parent company of BIM Track and consists of over 20 BIM & VDC trainers and specialists. You simply have to fill out the small form below and select the training that interests you. Within 5 working days of receiving your form, a BIM One representative will contact you.

Information in order to reach you

Company : _____

First and Last name : _____

Title : _____

Email : _____

Phone : _____

I would like a representative from BIM One to contact me in the next few days in order to plan the training selected below.

Information :

- Following your contact with the BIM One representative, you will receive a service offer including the cost of your training request as well as the content details. This offer will be sent to you within 2 days of this 1st interaction.
- Upon receipt of your acceptance by signing the service offer, the BIM One representative can begin planning your training blocks. Please allow a maximum of 3 weeks to receive your first training.
- All of our training is offered virtually through the Zoom app at no additional cost. A participant's guide will be sent to you in order to prepare all participants before the first training block.
- In order to offer you the best quality of training, we limit participation to 8 people simultaneously.

INTRODUCTION TO REVIT		REV001EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This introduction to Revit will familiarize you with the software interface in addition to introducing you to annotation and printing tools.			
Duration:	7h (2 blocks of 3.5h)			
REVIT - ARCHITECTURE ESSENTIALS		REV002EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Real overview of the software, with the Architecture Essentials training you will be able to model any simple building in Revit and produce the construction documents required for your projects.			
Duration:	42h (12 blocks of 3.5h)			
REVIT - STRUCTURE ESSENTIALS		REV003EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	With the Structure Essentials training, you will be able to model in Revit any simple structure and produce the construction documents required for your projects.			
Duration:	35h (10 blocks of 3.5h)			
REVIT - HVAC / PIPING / ELECTRICITY		REV004EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	With the MEP Essentials training you will be able to model in Revit the mechanical systems of the chosen discipline and produce the construction documents required for your projects.			
Duration:	21h for one discipline (6 blocks of 3.5h) + 7h per additional discipline			
REVIT - ARCHITECTURAL LANDSCAPING		REV005EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Focused on site modeling and the modeling of the external environment, this training is for anyone who wants to learn more about modeling the context of a project and how to produce the construction documents required for your projects.			
Duration:	35h (10 blocks of 3.5h)			
REVIT - COLLABORATION		REV006EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This training explores the functionality of Revit from a teamwork perspective and will allow you to work together in the same 3D model.			
Duration:	14h (4 blocks of 3.5h)			
REVIT - ARCHITECTURAL FAMILIES		REV007EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This training will allow you to familiarize yourself with the development of content and library for your Revit architectural projects.			
Duration:	21h (6 blocks of 3.5h)			
REVIT - STRUCTURAL FAMILIES		REV008EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This training will allow you to familiarize yourself with the development of content and library for your Revit structural projects.			
Duration:	14h (4 blocks of 3.5h)			
REVIT - MASSING		REV009EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Masses are the basis of design and the key to modeling complex geometries in Revit. With this training, complex shapes will be within your reach.			
Duration:	14h (4 blocks of 3.5h)			
REVIT - GEOREFERENCING		REV010EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Georeferencing is a major element of interdisciplinary work since it allows you to precisely position your model in space and to coordinate it faithfully with those of your collaborators.			
Duration:	14h (4 blocks of 3.5h)			
REVIT - POINT CLOUDS		REV011EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	In this course you will see how to use point clouds as a modeling source in Revit.			
Duration:	14h (4 blocks of 3.5h)			
REVIT - PHASES AND DESIGN OPTIONS		REV012EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	The management of phases and virtual options is the management of time and the analysis of design options. With this training you will be able to manage your projects over time and model alternatives to present to your partners.			
Duration:	7h (2 blocks of 3.5h)			

REVIT – SCHEDULES		REV013EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Revit schedules are dynamic tables linked to your BIM model that allow you to export and import information into it. You will also learn how to export and import data from Excel.			
Duration:	7h (2 blocks of 3.5h)			
REVIT – CURTAIN WALLS		REV014EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Curtain walls are some of the most versatile and complex elements to master in Revit. With this training, curtain walls will hold no more secrets against you.			
Duration:	7h (2 blocks of 3.5h)			
REVIT – ENERGY ANALYSIS		REV015EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Learn how to generate a model and energy analysis based on your Revit modeling.			
Duration:	14h (4 blocks of 3.5h)			
REVIT – STRUCTURAL ANALYSIS		REV016EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Learn how to generate a model and energy analysis from your Revit modeling in Robot Structural Analysis.			
Duration:	14h (4 blocks of 3.5h)			
REVIT – MECHANICAL ANALYSIS		REV017EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	The analysis of mechanical systems will allow you to validate your model and visualize the impact of modifications to the mechanical systems.			
Duration:	3.5h (1 block of 3.5h per discipline)			
REVIT – PARTS AND ASSEMBLIES		REV018EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Parts and assemblies will allow you to push your modeling into fabrication and shop drawings by breaking down Revit elements and documenting assemblies.			
Duration:	7h (2 blocks of 3.5h)			

NAVISWORKS NAVIGATION		NAV001EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This introduction to Navisworks will allow you to familiarize yourself with the software interface in addition to introducing you to model management and revision tools.			
Duration:	7h (2 blocks of 3.5h)			
NAVISWORKS CLASH DETECTION		NAV002EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This training will allow you to familiarize yourself with Navisworks clash detection and management tools. You will therefore be able to revise your projects to prevent construction conflicts on site.			
Duration:	3.5h (1 block of 3.5h)			
NAVISWORKS TIMELINE		NAV003EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Navisworks allows you to combine the models made by you and consultants with a site schedule in order to carry out animations and better manage schedule execution on site.			
Duration:	3.5h (1 block of 3.5h)			
NAVISWORKS COST ESTIMATION		NAV004EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	Navisworks allows you to efficiently extract quantity takeoff based on the BIM models of your projects to enable you to complete your estimates and ensure that you are on budget.			
Duration:	3.5h (1 block of 3.5h)			

DYNAMO BASIC		DYN001EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This introduction to Dynamo will familiarize you with the software interface as well as introduce you to list management and script editing.			
Duration:	14h (4 blocks of 3.5h)			

DYNAMO ADVANCED		DYN002EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This personalized training focused on your script development needs will allow you to further expand your knowledge of Dynamo and explore a portion of the many feature packages available.			
Duration:	14h (4 blocks of 3.5h)			

RECAP ESSENTIALS		REC001EN	I WOULD LIKE THIS TRAINING	NUMBER OF PEOPLE
Description:	This introduction to Recap will familiarize you with the software interface in addition to introducing you to the tools for modifying and managing point clouds.			
Duration:	3.5h (1 block de 3.5h)
