The program's mission, as is our mission, is to help members "Live Better for Less" by delivering extraordinary value and personalized service to each and every member.

Identity Theft & Security Center

Protect your identity with Restoration Rescue® and other services aimed to ensure your identity doesn't fall victim to criminals.

Restoration Rescue®

Restoration Rescue® offers crucial advice toward restoring your credit if you're ever the victim of fraud or theft of your identity. It also assists with legal matters, reporting, and other processes if you do fall victim to such a crime.

Children's Coverage²

Adults are not the only ones who fall victim to identity theft. When you sign up for Benefits Plus® Restoration Rescue®, you can have peace of mind knowing your children under the age of 18 are automatically covered.

Lost Document Recovery

Once you have activated the Restoration Rescue® coverage, Benefits Plus® will help with lost document recovery. If you currently are working with the Benefits Plus® recovery team, Restoration Rescue® will reimburse you for the cost of replacing documents related to your covered identity theft event.

Credit Reports

Checking your credit report is not only for loan applications, but is also an additional way to check for suspicious activity on your

accounts. Benefits Plus® provides information and access to your credit reports and your rights under the Fair Credit Reporting Act. It also provides a service if requested which will remind you when it is time to check your credit report.

Fraud Reports

Benefits Plus® provides access to setting your fraud alerts with credit reporting agencies as an added security measure.

Junk Mail Reduction

You can elect to be removed from pre-screened solicitations for credit and insurance offers, thereby reducing the possibility of the information getting into the wrong hands.
