

Kleinburg Integrative Health Naturopathic Informed Consent for Cancer Care

I would like to take this opportunity to welcome you to our Clinic! Kleinburg Integrative Health (KIH) utilizes the principles of **Naturopathic Medicine** and other supportive therapies to assist the body's own ability to heal and to improve the quality of life.

We can provide holistic naturopathic support during your cancer care and help you at each stage of your cancer including primary prevention, prevention of recurrence, as well as supportive care during and after conventional treatment.

Studies show integrative approach is the best model for cancer care. Naturopathic treatments can significantly improve your quality of life by decreasing toxicity and side effects of conventional cancer treatments, strengthening your immune system and supporting your body's own healing ability. Therapies may include naturopathic medicine, acupuncture, and massage therapy as well as providing support for different lifestyle modification. Upon your request, we are ready to work with you and your family, as well as your oncologist, surgeon, and other health care professionals involved in your care cycle in order to help optimize your overall wellness.

Our goal at KIHC is to providing you with the most effective natural therapies validated by clinical research supporting their effectiveness in cancer care but we want to insist our treatments are not substitute for conventional treatment as those treatments are considered standard of care and first line of treatment.

As a patient, you will receive information about your diagnosis and/or treatment, alternative courses of action, the material effects, costs, expected benefits, risks, side effects and in each case the consequences of not having the diagnosis and/or treatment acted upon.

I understand and am aware of the following:

- The clinic does not guarantee treatment results.
- That my Naturopathic Doctor will explain to me the exact nature of any treatment provided and will answer any questions I may have.
- I am free to withdraw my consent and to discontinue treatment at any time.
- **Any treatment** or advice provided to me as a patient of the clinic is **not mutually exclusive** from any treatment that I may now be receiving or may in the future receive from another licensed healthcare provider.
- I am at **liberty to seek or continue medical care from a medical doctor or other healthcare provider licensed to practice in Ontario.**
- I am aware that **no part of my treatment is covered by OHIP** and that I am solely responsible for **payment at the time services are rendered.**
- My ND reserves the right to determine which cases fall outside of his/her scope of practice, in which case an **appropriate referral will be recommended.**

Cancellation Policy:

If I need to cancel or reschedule an appointment I understand that I must give 24hrs notice for weekday appointments and for Saturday appointments I must contact the clinic 48 hours in advance. If I do not show up for my appointment at all and do not give any notice that I will be contacted and invoiced 100% of the visit fee. If I contact the clinic with insufficient notice (i.e. less than 24-48hrs, depending on the day) then I will be notified and then invoiced 50% of the regular visit

As with any treatment, there are rare health risks associated with various naturopathic treatments. They are based on the specific treatment you receive and include but are not limited to:

- Homeopathic remedies may occasionally result in the aggravation of pre-existing symptoms. When this occurs, the duration is typically short.
- Some patients experience allergic reactions to certain supplements and herbs. Please make known any allergies you may have.
- Pain, bruising or injury from acupuncture or intravenous therapy
- Though extremely rare, fainting or puncturing of an organ with acupuncture needles, accidental burning of the skin from the use of moxa are possible.
- The staff is trained to handle emergencies should the need arise.

As a new patient of KIH, I have read the information and understand that this approach to health care is based on **naturopathic principles including holistic care**. As this is an in-depth approach to health, I recognize that even the gentlest therapies can potentially have complications in certain conditions, types of populations or those on multiple medications. The information I have provided is complete and inclusive of all health concerns including risk of pregnancy; and all medications, including over the counter drugs.
